

Kiwi Conservation Club

A Forest & Bird Project for Children

The Kiwi Conservation Club is a national club for children. The club encourages children to enjoy, respect and understand the natural world.

The club has an excellent magazine. It's full of great science stuff, stories, games, activities, contributions and jokes...

Nature and fun for kiwi kids!

In most places, KCC families meet to go on trips to explore the forest, the seashore, mountains, estuaries...

... and don't forget about the website!
www.kcc.org.nz

The Kiwi Conservation Club magazine is:

- Well written and motivating
- Highly entertaining
- Scientifically accurate

It is designed to engage and extend young minds, encouraging a love of natural New Zealand and an understanding of conservation issues.

For your child... and your family

KCC offers you:

- The KCC magazine 5 times a year
- Your personal membership certificate with the Kiwi Conservation Club code
- In most areas, the opportunity to participate in local KCC group activities
- Fact sheets on the website or by request, to help with school projects

For your school or group

KCC offers you:

- The KCC magazine 5 times a year
- Class sets of 30 copies per issue at a generous rate
- The option to customise memberships by selecting any NZ membership and specifying the number of additional magazines required
- Curriculum links within the magazine
- Fact sheets for projects – on the website
- Teacher's field guides – on the website

Please contact us if your school or group requires an invoice.
