

## F&B MANAWATŪ SEPTEMBER 2020 MONTHLY MEETING

*\* PLEASE NOTE DATE and VENUE CHANGE \**

**Tuesday 15<sup>th</sup> September, 2020 @ 7.30 p.m.**  
**GLOBE THEATRE 1, Main Street, Palmerston North**

Since Covid-19 Alert Levels are not changing until midnight on Wed. 16<sup>th</sup> September, our monthly meeting that was due to take place in the PNCC Library is now going to be held at the Globe Theatre 1 as the Library meeting room is now closed until the end of Alert Level 2.

Our Monthly Meeting at the Globe will be under Alert Level 2 conditions: ie. social distancing will be strictly observed. We are able to do this because Globe Theatre 1 holds 200 people. We are unable to provide tea & coffee due to social distancing rules.

**Talk:** New Zealand's Oiled Wildlife Response, Wildbase, Massey University  
**Speaker:** Dr. Louise Chilvers, Professor of Wildlife Ecology & Director of Oiled Wildlife Response

Our job in the Wildbase Oiled Wildlife Response Team is *"...to avoid, mitigate or remedy any detrimental impacts on wildlife during an oil pollution response."*

Louise will discuss why they response, how they respond, and the long- term research results from wildlife cleaned, rehabilitated, and returned to the wild after the Tauranga MV Rena oil spill in 2011.

All welcome. Gold coin donation appreciated
